## **What's new in Elden Ring:**

**"However, I'm unsure about this astral plane and I can't travel there like that, can I?" "You mean you don't know how to use power?" "Yeah that's right! I don't know any skills or magic at all." "In that case, it's better to learn it." "Sorry, but I won't train them!" "That's probably best. Well then, you'd better become a master at defenses." Some people protested that method, but Deren was the chosen one to receive the primordium. After he had been absorbed by another self in Edda's Island, I was the only one left with the task of teaching how to use the power of the primordium. I invested every remaining bit of strength in the training, and prepared the system of primordium to bring forth a new creation - another Deren Thorlands. However, because I was an imitation of him, I didn't possess his strength and I quickly died. I was reincarnated as an insect." "Another Deren Thorlands, huh..." "Yes, Richard. It's something that you should think about. He is your**
